

DAKOTA

ZIP OFF BACKPACKS

CONVENIENT REMOVABLE HANDLE

**6 QUICK RELEASE STRAPS
SECURE BAG TO THE RACK**

**Do not use on motorcycles equipped with spoilers.
Remove this bag before fully opening your trunk lid.**

FEATURES: (1) Your DAKOTA bag is design for large H-D Tour Pak® luggage rack. (2) 6 quick release straps secure the bag to your luggage rack. (3) The storage cavity and all walls are fully insulated with 1/2 inch closed cell foam to insulate your cargo from the luggage rack and weather elements. (4) Plastic bottom and side wall liners help the bag to maintain its shape when empty. (5) 17 bungee tie down loops provide for additional cargo strapping. (6) Special self mending YKK coil zippers are water resistant, AND (7) there is a built in elastic bottom rain cover, with high visibility reflective logo for night riding, in a hidden zipper pocket to protect the exterior from water, dust and sun. (8) 2 insulated zip-flat 1qt. water bottle holders accessible to your passenger. (9) Well balanced carrying handle hidden in its own pocket (10) The external pocket is designed with compression straps so the bottom can drop over the luggage rack rail.

MOUNTING: DAKOTA should be mounted with the rain cover and hidden detachable handle zipper pockets facing the rider. Secure the 6 quick release tie down straps around the Tour Pak® luggage rack and pull to tighten. Be sure the bag does not move when pushed in all directions.

ZIP OFF BACK PACKS: The easy access side pockets are great for quick access to smaller items. Both side pockets are also designed as backpacks. Simply zip the side pockets off the main bag and you have 2 handy backpacks with comfortable padded backpack straps. Each backpack has an external flat zipper pocket that expands into insulated water bottle pocket for access while riding or hiking.

RAIN COVER: Even though T-bags' material is weatherproof and our closed cell foam absorbs virtually no moisture (insuring against mildew and odors), the unprotected zippers and seams may allow moisture to enter during rainy weather. Our attached form fitting rain cover slips over the bag and the elastic bottom opening pulls into place under the bag for rain and mud protection.

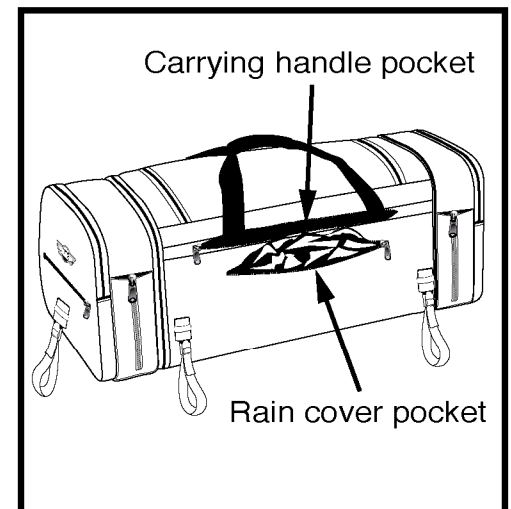

ATTENTION! Be sure you have full use of your rear view mirrors for an unobstructed view behind you.

NOTE THIS TIP: If the rain cover is wet after use, it must be dried out to avoid mildew and odors before storing in the closed pocket. Let the rain cover dry overnight when you reach your lodging. The tether on the rain cover is detachable so it can be removed for cleaning and/or drying before reinserting into the closed storage pocket.

CARGO COMPARTMENTS The cargo compartments are fully lined but are **not designed to hold loose ice**. The cargo space is large enough to insert separate ice chests, if desired.

NOTICE: When purchased through an authorized T-Bags dealer, all CDL ENTERPRISES, LTD., products are warranted to be free from all manufacturing defects in materials and workmanship for the normal life of the product. This Lifetime Warranty does not cover damage resulting from abuse, neglect, improper use, common carrier damage or normal wear and tear. **Do Not ride with bag against painted or plastic surfaces because it will scuff the paint.**
Luggage rack required.

CDL ENTERPRISES, LTD., its distributors and dealers issue no warranty and assume no liability for damage or injury caused by use of this product other than as recommended. Load only in compliance with your owner's manual.
